

LABOR & COMMUNITY

FOR AN INDEPENDENT PARTY

We're building a new political party based in unions and communities of the oppressed to organize against fascism.

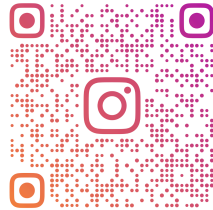

DEMOCRATS RATHER LOSE ELECTIONS THAN LOSE CORPORATE

DONORS. An actual opposition party would be calling for strikes and organizing resistance. An actual working class party would be fighting to tax billionaires and fund our social services.

WE'RE BUILDING LOCAL POWER. We're running candidates for local elections, so that we can talk to our neighbors and build networks - not just 'get out the vote.' We're building a coalition of community groups and unions to which our candidates will be accountable.

WE DO NOT RUN SPOILER CANDIDATES. We're fighting the oligarchs and trying to build a better America -- we need an alternative to Democrats, but no one wins when Republicans come to power.
